The 2026 Marksmanship Calendar is posted! The 1st competition this year will be the Cold War match on Sat. February 28th, followed by the PPC Pistol match on Sat. March 14th. Competitions are open to the public and all are encouraged to come out, see what's going on, and meet their fellow club members. Visit the Events calendar on the website to easily import the schedule into your iPhone or Google calendar.

Members are reminded that ALL shooting on the rifle range must be at targets that are at the target line and immediately in front of the target berms. Placing a target mid-range is prohibited as this creates a great risk of ricochet where bullets will escape the club and damage neighboring properties! Please be a good neighbor and make sure your targets—and anyone else's target—is safely against the backstop.

In December a Sheriff's Deputy came to the club to investigate a bullet that struck a house in the neighborhood NW of the club. While it was determined that the shot did not originate from our club, this underscores the importance of safe placement of targets against the berms and observing the 4 Fundamental Rules of Gun Safety!

NEXT MEETING: March 11th at 7pm!
