Great shooting and we look forward to seeing you back on the range in September!

The National trophy rifle matches and National CMP vintage and rimfire rifle Games matches were held again in Port Clinton, OH at Camp Perry across the transition from July to August, and this year the weather was actually quite moderate! A brief rundown of what is typically offered is posted here (<https://bulletin accurateshooter.com/2026/06/cmp-2026-camp-perry-natl-matches-schedules-match-info/>) as well as on the CMP website (<https://thecmp.org/cmp-national-matches/>). Recent upgrades to electronic targets make things really slick, and of course Commercial Row and the CMP North Store at Camp Perry always have hard-to-find gear, components, parts, collectibles, and firearms for sale.

SJCRC members and friends that competed at the matches this year include: Pete Yarbrow, David Clark, Scot Blair, Dan Scott, Dan Weigel, Laura Wichers, Charlie Novak, and Jeff Beierke. Reportedly a number of achievement medals were earned in various events. Scot Blair, who competed in the famous “Rattle Battle” for the first time with one of the Garand Collectors Association rifle team had this to say of the experience: “We are pretty certain our ability to convert money to noise and generally annoy the targets was unmatched that day. Some of us even actually hit the target!”—Well done!

The club welcomes Laura Wichers to the role of social media manager. Expect to see a curated presence for SJCRC on social media channels this fall!

Laura Wichers and Scot Blair will be attending a Project Appleseed rifle clinic at Nappanee Conservation Club the weekend of **September 26-27** and would encourage others from our club to join them—a top-rate instruction team including an Olympic instructor makes for an outstanding skill-builder at a very reasonable cost as it’s done with .22 rifles. Information can be had at: <https://appleseedinfo.org/> , however Scot Blair can answer rudimentary questions at club meetings or matches. Club President, Distinguished Rifleman, and Appleseed alum Pete Yarbrow had this to say: “Their instruction is actually pretty good.”
